healthcare field?***

***Ohio County Healthcare is committed
to placement of quality healthcare
students, from Ohio County, who have
entered in selected healthcare
professions and desire to work and
live in Ohio County.***

Bring the Best Back Home

Opportunities Available

Volunteer Program

This program will provide an opportunity for students to volunteer in OCH areas/departments of need. While providing community service, students will gain specific knowledge of the Hospital, as well as general knowledge of healthcare services and operations. This can be useful in helping secure acceptance to the desired field of study.

Work Experience Program

This program offers a unique opportunity for students to work in the hospital environment while studying for a career in healthcare. OCH will provide employment during the summer months; weekend and/or holidays for select students enrolled in Program. The positions will be paid at minimum wage or at the entry-level pay scale for the specific job classification.

Student Extern Program

This program will provide support for students in their final year of a program of study in a health care area. This requires approval of the academic institution. This program is primarily designed to assist the student with gaining needed clinical learning experiences. Consequently, the program will normally not be compensated. Students that have been approved for the Bring the Best Back Home Program will receive preferential placement, and may be considered for compensation on a case-by-case basis. Students involved in the extern program may also receive other assistance through the Program

****Tuition Forgiveness**

This program will provide tuition forgiveness or repayment to approved students that have completed a degree in a healthcare profession of need, and are desirous to pursue employment with Ohio County Healthcare. Reimbursement will be tied to a specific commitment of service.

****Tuition Loan /Assistance**

OCH will pay for educational expenses (tuition and books only) for approved students who are enrolled in a healthcare profession of need. Although the student will be obligated to employment with the hospital following completion of their education, there is no guaranteed job placement with the Hospital. In the event that no position is available or if the student declines an offer of employment, the student will be expected to pay back monies advanced, together with interest.

****Programs are available to Students that have applied and been approved for educational assistance and has agreed to a commitment of employment with Ohio County Healthcare.**

Application/Approval Process

Human Resources will conduct initial screening of all applications. Students will be expected to provide application materials as required, which will include official transcript of GPA, references, letter of interest and commitment to working and living in Ohio County. Submission of request will not guarantee acceptance into the program. There will be an interview process for the selection of students that may include representatives of Administration, Personnel Committee, and the community.

It is the policy of this organization to provide equal opportunities without regard to race, color, religion, national origin, gender, sexual preference, age, or disability.

Thank you for completing this application form and for your interest in a career with Ohio County Healthcare. Please return application to Sue Wydick or Judson Hunter via mail at 1211 Old Main St. Hartford, KY 42347. Please call with any questions at 270-298-5439 or 270-298-5438.
